GPS INTRODUCTION

American Evolution's Global Pathfinder Summit, organized in partnership with the Presidential Precinct and presented by the University of Virginia, convenes a diverse group of young leaders from across the globe to Virginia. At the Summit, global and Virginia-based leaders reflect on the challenges of modern leadership, civic engagement, and governance.

This 2019 Summit is especially significant as Virginia commemorates the 400th anniversary of the first representative legislative assembly meeting that occurred at the Jamestown Settlement. As we honor this historic anniversary, the Global Pathfinder Summit offers young leaders the opportunity to shape global conversations about democracy and representation.
